

Fall 2004

Date	Time	Presenter/Subject	Location
Sep 15	5:30-7:00PM	Ian Moore, meeting with students to discuss the course and student presentations	MacCorry E229
Sep 20 Monday	1:00-2:30PM	Dennis Becker, PhD, FEIC, P.Eng, Golder Associates, "Foundation Design Aspects of the Confederation Bridge"	Dunning 12
Sep 29	5:30-7:00PM	Andrew Take, Civil Engineering Queen's University, "Evaluation of landslide triggering mechanisms in model fill slopes"	MacCorry E229
Oct 6	5:30-7:00PM	Ken Reimer, RMC "DEW line clean up"	MacCorry E229
Oct 29 Friday	10:00-11:30AM	David Woeller , ConeTec Investigations Ltd, Vancouver, "Use of the Seismic CPT for design of shallow foundations"	Ellis 332
Nov 3	5:30-7:00PM	Steven Rose, P.Eng, Malroz Engineering Inc; "Feasibility Studies of Passive Site Management Options for a Closed Landfill"	MacCorry E229
Nov 10	5:30-7:00PM	Victor Kaliakin , Assoc. Prof. University of Delaware, The Bounding Surface Model for Cohesive Soils and its Application to Two Boundary Value Problems	MacCorry E229
Nov 17	5:30-7:00PM	Darrin Johnson , Gartner Lee ; "Geotechnical Engineering or GeoEnvironmental Engineering? Project Case Studies and Discussion"	MacCorry E229
Nov 24	5:30-7:00PM	Sean Hinchberger , University of Western Ontario, "The Role of Computational Methods in Geotechnical Engineering Practice"	MacCorry E229
