

Fall 2007

Our seminars are sponsored by

Gartner Lee

Date	Time	Presenter/Subject	Location
Sept 19	4PM	Opening session with introduction by Ian Moore and food and drinks for everyone	M-C E230 (Mackintosh Corry Hall)
Sept 26	4PM	Poul V. Lade , Catholic University of America, Washington, DC, " Factors Affecting Three-Dimensional Failure in Soils "	M-C E230
Oct 3	4PM	Don J. DeGroot, Sc.D., P.E., Associate Professor, University of Massachusetts, " Causes, effects and mitigation of sample disturbance in soft clays "	M-C E230
Oct 10	4PM	Becca Lane, MTO, " Sustainable Pavements - environmentally friendly pavement design "	M-C E230
Oct 17	4PM	Fred Kulhawy, P.E., G.E., Honorary Member ASCE, School of Civil & Environmental, Engineering, Cornell University. " Issues in Evaluating Capacity of Rock Socket Foundations "	M-C E230
Oct 24	-	CGS Conference in Ottawa	-
Monday Oct 29	4PM	Dr. Rajah Gnanendran , Australia, " Design and performance prediction of reinforced embankments on soft soils: Inferences from Sackville and Leneghans reinforced embankments "	M-C E229
Nov 7	4PM	Robert R. Seal, US Geological Survey, Reston, VA, " Assessing Environmental Challenges "	M-C E230

Fall 2007

Our seminars are sponsored by

Gartner Lee

		Associated with Future Mining of Undiscovered Deposits"	
Nov 14	4PM	Matt Lato, Queen's University, " A Tale of Two Targets: Scanning rock masses and building facades with static and mobile LiDAR "	M-C E230
Nov 21	Andrew Rollo (postponed till next semester)		
Nov 28	4PM	Cross Canada Lecture speaker Dr. Paul Mayne , School of Civil and Environmental Engineering, Georgia Institute of Technology, Atlanta, " Critical State Soil Mechanics for Dummies "	M-C E230
