

## Fall 2015

Our seminars are sponsored by

Date	Time	Presenter/Subject	Location
Wed, Oct 21	4:30 - 6 pm	Ward Wilson, Professor (Geotechnical & Geoenvironmental), NSERC/COSIA Industrial Research Chair in Oil Sands Tailings Geotechnique, University of Alberta, " <a href="#">Innovations in Oil Sand Tailings Geotechnique for Fluid Fine Tailings Management</a> "	Ellis 327
Wed, Oct 28	4:30 - 6 pm	<b>The Victor Milligan Lecturer:</b> Suzanne Lacasse, the Norwegian Geotechnical Institute (NGI), " <a href="#">Hazard, Risk and Reliability in Geotechnical Practice</a> "	Ellis 327
Wed, Nov 4	4:30 - 6 pm	Michael O'Rourke, Professor of Civil Engineering, Structural Engineering, Department of Civil Engineering, Rensselaer Polytechnic Institute, Troy, NY, " <a href="#">Analytical Fragility Relations for Segmented Buried Pipe</a> "	Ellis 327
Wed, Nov 11	4:30 - 6 pm	Jean Hutchinson, Professor and Head of Geological Sciences and Geological Engineering, Queen's University, " <a href="#">Under Vimy Ridge: A Geological Exploration of WWI Excavation Stability</a> "	Ellis 327
Wed, Nov 18	4:30 - 6 pm	Naresh Gurbarsud, M.Sc. P.Eng, Geo-Foundations, <a href="#">Jet Grouting</a>	Ellis 327
Wed, Nov 25	4:30 - 6 pm	Andrew Drevininkas, P.Eng., Chief Geotechnical Engineer, Toronto Transit Commission, <a href="#">2015 Settlement Prediction Competition. Link to Investigation Data</a>	Ellis 327
Wed, Dec 2	4:30 - 6 pm		Ellis 327
